OpenID®

**CERTIFICATION OF CONFORMANCE
TO AN OPENID CONFORMANCE PROFILE**

Name of Entity ("Implementer") Making this Certification: Ping Identity
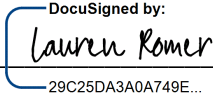

Software or Service ("Deployment") Name & Version #: Consumer Data Rights SandBox for OpenBanking v1.4

OpenID Conformance Profile: FAPI-RW-ID2 (and OpenBankingUK / CDR): Authorization server test (latest version)

Conformance Test Suite Software: www.certification.openid.net 4.1.0

Test Date: 28/8/2020

1. Certification: Implementer has tested the Deployment (including by successfully completing the validation testing using the Conformance Test Suite Software designed for the OpenID Conformance Profile listed above) and verified that the Deployment conforms to the OpenID Conformance Profile, and hereby certifies to the OpenID Foundation and the public that the Deployment conforms to the OpenID Conformance Profile identified above. Implementer also certifies that the additional information set forth on the attached Appendix is true and correct.

2. Maintenance: If subsequent changes to the Deployment, or other information or testing, indicates that the Deployment is not in conformance, Implementer will either correct the nonconformance (and update this Certification if necessary) or revoke this Certification.

3. Incorporation of Terms: The Terms and Conditions for Certification of Conformance to an OpenID Conformance Profile, located at http://openid.net/certification/, are incorporated by reference in this Certification, and Implementer agrees to be bound by such Terms and Conditions.

4. **Privacy Consent; Consent to Publication of Certification.** Implementer acknowledges and agrees that the personal data submitted in connection with this Certification will be processed in accordance with the OpenID Privacy Policy posted on the OIDF website at opened.net. Implementer also agrees that OIDF may publish the entire contents of the certification application submitted, and a copy of this Agreement as signed by Implementer, on the OIDF website, and also represents that it has obtained appropriate consent under applicable law for such publication from all individuals listed in such application and this Agreement.

APPENDIX
(For use with Certification to OpenID Connect or FAPI Conformance Profiles)

Optional: Please provide the following information if you want your implementation to be included in the list of certified implementations at http://openid.net/developers/certified/. Providing this information is not required for OpenID Certification.

URL at which people interested in using your implementation can learn about it and/or obtain it:
https://www.pingidentity.com/en/lp/australian-open-banking.html

1-2 sentence description of the implementation:
The implementation is a pre-configured sandbox to help financial Institutions and fintechs get up and running quickly with a development environment that aligns to the CDR specifications for Open Banking.

The programming language of the software and deployment environment for it, if applicable (e.g., "JavaScript for Node.js", "Binaries for iOS", or "Service"):
PingFederate, PingAccess, PingDirectory, Docker, Kubernetes, Java, Groovy

Licensing terms of the software, if applicable (e.g., "Apache 2.0" or "Proprietary"):
Apache 2.0 - https://github.com/pingidentity/pingidentity-cdr-sandbox/blob/master/LICENSE.md
