

**CERTIFICATION OF CONFORMANCE
TO OPENID CONNECT CONFORMANCE PROFILE**

Name of Entity (“Implementer”) Making this Certification: U2U CONSULT NV/SA

Software or Service (“Deployment”) Name & Version #: THE IDENTITY HUB v1

OpenID Connect Conformance Profile: Config OpenID Provider

Conformance Test Suite Software: op.certification.openid.net 2.1.5

Test Date: 22/10/2018

1. Certification: Implementer has tested the Deployment (including by successfully completing the validation testing using the Conformance Test Suite Software) and verified that it conforms to the OpenID Connect Conformance Profile, and hereby certifies to the OpenID Foundation and the public that the Deployment conforms to the OpenID Connect Conformance Profile as set forth above.
2. Maintenance: If subsequent changes to the Deployment, or other information or testing, indicates that the Deployment is not in conformance, Implementer will either correct the nonconformance (and update this Certification if necessary) or revoke this Certification.
3. Incorporation of Terms: The Terms and Conditions for Certification of Conformance to an OpenID Connect Conformance Profile, located at <http://openid.net/certification/>, are incorporated by reference in this Certification, and Implementer agrees to be bound by such Terms and Conditions.

Authorized Signature:
Name: Erik Van Mileghem
Title: Mr.
Date: 22/10/2018

Implementer’s Authorized Contact Information	
Name:	Hannes Decorte
Title:	Senior Developer
Phone:	+32 (0) 479 615498
Email:	support@theidentityhub.com
Address:	Z1 RESEARCH PARK 110
City, State/Province, Postal Code	1731 Zellik
Country	Belgium

Optional: Please provide the following information if you want your implementation to be included in the list of certified implementations at <http://openid.net/developers/certified/>. Providing this information is not required for OpenID Certification.

URL at which people interested in using your implementation can learn about it and/or obtain it:

<https://www.theidentityhub.com>

1-2 sentence description of the implementation:

The Identity Hub is the Identity & Access Management Portal and Product Suite of U2U Consult N.V./S.A.

The Identity Hub makes it easy for your users to connect to your app (mobile, PC, web, SharePoint, ...) using all major identity providers like Office 365, Active Directory, Microsoft, Facebook, Google, Twitter, My Digipass & more, including your corporate databases. Your app users can securely login with the identity provider they already have or the one you set up for them.

The programming language of the software and deployment environment for it, if applicable (e.g., “JavaScript for Node.js”, “Binaries for iOS”, or “Service”):

Software as a Service (SAAS)

Licensing terms of the software, if applicable (e.g., “Apache 2.0” or “Proprietary”):

Proprietary: <https://shop.theidentityhub.com/terms.html>
